PRODUCTION

We are an Emmy Award-winning full service production company devoted to using the latest filmmaking technology to tell a story. Based out of Charlotte, NC, our company specializes in providing high-end commercial productions, brand marketing, documentary shorts, features and series, among other genres.

We pride ourselves in taking a concept through all stages of production and post-production with a team of world-class filmmakers and creatives who are passionate about bringing stories to life.

Capturing moving pictures is what we do, but we pride ourselves on moving emotions. Our obsession with film stems from our passion to not only make you see, but to also make you feel.

STUDIOS

[STUDIO TOUR](#) [CLICK HERE](#)

Our home base is a spacious 20,000 sq. ft. facility including two studios each with a Cyclorama wall, office space, green room, editing bays and more; surrounded by 27-acres of gated property with multiple desirable backdrops.

Inside the 8,200 sq. ft. Studio A, is a 40'x40'x14' Cyclorama with a grid, pre-light options, a VO booth and a private kitchen. The wall can be controlled by DMX to light up to (13) ARRI S60-C SkyPanels.

Studio B is an equipped 3,250 sq. ft. versatile space with a 40'x30'x14' Cyclorama wall and grid.

GEAR

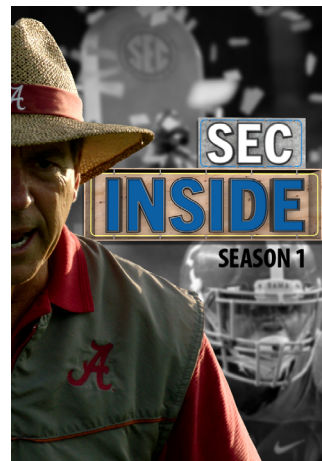

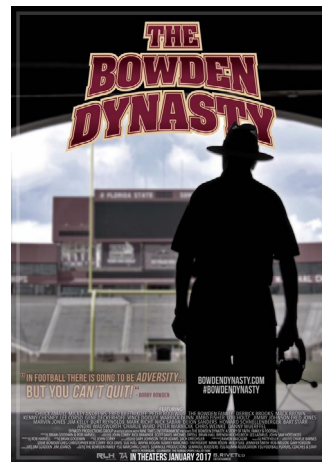

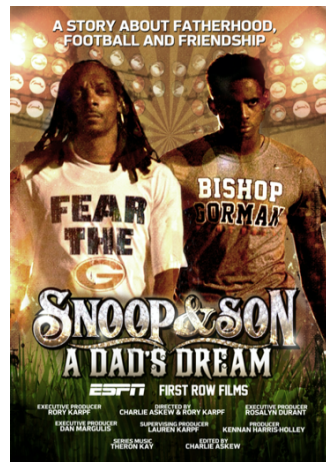

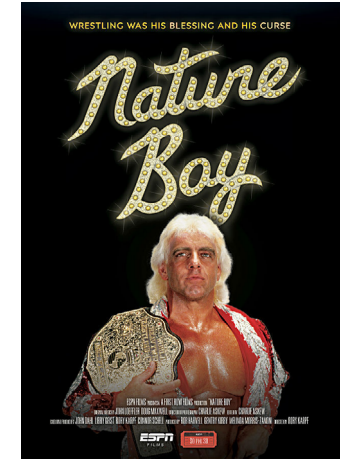

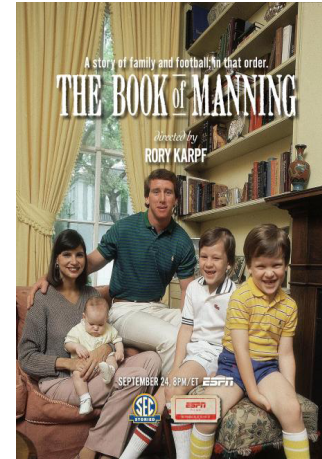

Our vast in-house equipment inventory includes state-of-the-art cinema tools found on some of Hollywood's top production sets. The versatility and size of our inventory allows us to meet production needs of any scale.

Our trusted gear includes Arri's latest cameras, advanced lensing from Canon, Arri and Zeiss, versatile LED and HMI lighting and rigs, and a comprehensive collection of audio systems to capture clean and pristine sound.

We integrate the gear seamlessly into our studio productions, as well as on-location shoots where we utilize our fleet of grip and camera vans.
